

ELIA

# GARCIA GUERRERO

Elia Garcia Guerrero was a great human being. She would give the shirt off of her back to a friend or family member in need, and she loved with every ounce of her heart and being. She loved animals, which showed through her work at Animal Friends of Washington County, where they considered her family and not just another employee. She loved her family and friends fiercely, and while she was soft-spoken, she also stood up for the things she believed in. Elia Garcia Guerrero lives on through her husband, Ruben, and her family and extended family. She will be remembered as the happy, sweet, caring, and loving wife, sister, daughter, and friend.
